

# NESHAP Subpart 2H Oil & Natural Gas Production Important Dates

---

## Source Classification

Source classification dates (e.g., new, existing) are not strictly defined for all sources under this subpart.

For small glycol dehydration units, existing units are those that commence construction on or before Aug 23, 2011; new units are those that commence construction after this date.

For other sources, please see the tables below for applicable dates and requirements.

## Initial Notification

Sources must submit Initial Notifications by the applicable dates shown in italics below.

<b>Major Sources</b>	<i>Within 1 year of becoming subject to this subpart or by June 17, 2008, whichever is later.</i>
Small glycol dehydration units located at Major Sources that commenced construction before Aug 23, 2011	<i>Within 1 year of becoming subject to this subpart or by Oct 15, 2013, whichever is later.</i>
Production field facilities constructed on or before Aug 23, 2011 that were Area Sources but became Major Sources by Oct 15, 2012	
<b>Area Sources</b>	<i>Jan 3, 2008 or within 120 days after startup, whichever is later.</i>

## Compliance Dates

Sources must be in compliance by the applicable dates shown in italics below.

<b>Major Sources</b>	
Built before Feb 6, 1998:	Built on or after Feb 6, 1998:
<i>June 17, 2002</i>	<i>June 17, 1999 or upon startup, whichever is later</i>
If an Area Source built before Feb 6, 1998 becomes a Major Source, it must achieve compliance within 3 years of becoming Major.	If an Area Source built on or after Feb 6, 1998 becomes a Major Source, it must achieve compliance immediately.
<b>Small Glycol Dehydration Units at Major Sources</b>	
Units that commenced construction before Aug 23, 2011:	Units that commenced construction on or after Aug 23, 2011:
<i>Oct 15, 2015</i>	<i>Oct 15, 2012 or upon startup, whichever is later</i>

<b>Area Sources</b>		
<b>Located in an Urban-1 county</b>		
Built before Feb 6, 1998,		Built on or after Feb 6, 1998:
Within any UA plus offset and UC boundary:	Not within any UA plus offset and UC boundary:	
<i>Jan 4, 2010</i>	<i>Jan 5, 2009</i>	<i>Jan 3, 2007 or upon startup, whichever is later</i>
<b>Not located in an Urban-1 county</b>		
Built before July 8, 2005,		Built on or after July 8, 2005:
Within any UA plus offset and UC boundary:	Not within any UA plus offset and UC boundary:	
<i>Jan 4, 2010</i>	<i>Jan 5, 2009</i>	<i>Jan 3, 2007 or upon startup, whichever is later</i>

<b>Other</b>	
Production field facilities constructed on or before Aug 23, 2011, that were Area Sources but became Major Sources by Oct 15, 2012 must achieve compliance no later than Oct 15, 2015.	
<b>Definitions</b>	
<i>Built</i>	Constructed or reconstructed, as defined in §63.2.
<i>Production field facilities</i>	Facilities located prior to the point of custody transfer.
<i>Small glycol dehydration unit</i>	Glycol dehydration unit at a Major Source with an actual annual average natural gas flowrate < 85,000 standard m <sup>3</sup> /day or actual annual average benzene emissions < 0.90 Mg/yr, determined according to § 63.772 (b).
<i>UA plus offset and UC, or Urban Area plus offset and Urban Cluster</i>	Area occupied by each urbanized area, each urban cluster that contains at least 10,000 people, and the area located two miles or less from each urbanized area boundary.
<i>Urban-1 county</i>	County containing part of a Metropolitan Statistical Area with a population greater than 250,000.

## Notice of Intent to Test

Sources must give at least 60 days advance notice of any planned performance test.

## Compliance Status Notification

Sources must submit their Notification of Compliance Status Report within 180 days of their applicable compliance date.

# Compliance Reports

## For Major Sources

- Must be submitted on a semiannual basis.
- Due 60 calendar days after the end of the applicable reporting period.
- The first report must be submitted within 240 days after the due date for the Compliance Status Notification report.
  - Must cover the 6-month period beginning on the due date of the Compliance Status Notification report.
  - Subsequent reports must be submitted for every 6-month period thereafter.

## For Area Sources within a UA plus offset and UC boundary

- Must be submitted on an annual basis.
- Due 30 calendar days after the end of the applicable reporting period.
- The first report must cover the period beginning on the due date of the Notification of Compliance Status Report through December 31.
  - Subsequent reports must cover January 1 through December 31.
